## FAQ - (Frequently Asked Questions)

*Q. - Do you "fix up" the scanned pics to make them look better than they really are?*

*A. - No, all scans are straight from my scanner or camera, and the only thing that is done to them, is to crop them to a standard size.*

*Q. - Do you package items to protect them while being shipped?*

*A. - As anyone who has purchased items from us can attest, we package all items well to protect them from damage. Whether the item is worth \$5.00 or \$500.00, they all get the same attention to detail and our desire to protect them while in transit.*

### Payment

Please make payment via PayPal.

Paying with PayPal will get your item shipped as soon as possible!

### Shipping

SHIPPING & INSURANCE: We will try to ship items out as soon as possible after payment is received.

Obviously Sunday's and Holiday's can disrupt this, so the items will ship out the very next day available.

We ship primarily through the US Postal Service (USPS) and 1st Class Mail and Priority Mail is our preference. We will also ship through United Parcel Service (UPS) and Federal Express (FedEx), if those are the only way to your location OR if that is your choice. Appropriate charges will apply for those shipping services.

AS ALWAYS, high bidder pays shipping to your location. All items are NOT insured unless in the details of the item description, it states that insurance is included in the cost of the item/s.

Delivery confirmation is included with item cost for shipments in the United States. It is NOT included for other countries.

*Q. - Who pays for any import duties, taxes or charges not*

Who pays for any import duties, taxes or charges not included in the item price or shipping charges?

**A. - These charges are the BUYER's responsibility. Please check with your country's customs office to determine what these additional charges might be (if any) BEFORE bidding or buying items.**

Please check out our other auctions or our store items. We offer combined shipping for multiple winning bids, whenever possible. The one exception would be, if all items do not fit inside a package without the possibility of damage to one or the other in transit.

(Example: You could not ship a rolled poster with a hardcover book, without the chance of damage in transit.)

## Terms of Sale

### TERMS & DETAILS:

If you are the winning bidder, please read the following instructions:

Once this auction ends, please e-mail us your address and shipping preference (USPS, UPS or FedEx), so we can calculate the shipping costs and send you an invoice. (Wait for shipping costs to be added to the total in an invoice we will send you!)

Or...

If we have provided the information (weight, etc.) in the auction ad, you may be able to calculate your own rates for shipping using eBay's handy calculator.

If more then one item is won, it is sometimes better to request an invoice from us, so we can combine the shipping charges... and you save money!

### POLICIES:

All items (unless noted) are sold **AS IS** with no return, unless other arrangements are made prior to bidding. Please read description carefully before bidding, so you know what you are bidding on. If you have any questions, please ask prior to bidding.

Response is expected within 3 days of auction close. Our program automatically notifies all winning bidders. If you do not receive an e-mail from us within 24 hours after the close of auction, please e-mail us at once. Please make payment within 7 days from end of auction unless prior arrangements have been made with us.

## FAQ - (Frequently Asked Questions)

*Q. - Do you "fix up" the scanned pics to make them look better than they really are?*

*A. - No, all scans are straight from my scanner or camera, and the only thing that is done to them, is to crop them to a standard size.*

*Q. - Do you package items to protect them while being shipped?*

*A. - As anyone who has purchased items from us can attest, we package all items well to protect them from damage. Whether the item is worth \$5.00 or \$500.00, they all get the same attention to detail and our desire to protect them while in transit.*

### Payment

Please make payment via PayPal.

Paying with PayPal will get your item shipped as soon as possible!

### Shipping

SHIPPING & INSURANCE: We will try to ship items out as soon as possible after payment is received.

Obviously Sunday's and Holiday's can disrupt this, so the items will ship out the very next day available.

We ship primarily through the US Postal Service (USPS) and 1st Class Mail and Priority Mail is our preference. We will also ship through United Parcel Service (UPS) and Federal Express (FedEx), if those are the only way to your location OR if that is your choice. Appropriate charges will apply for those shipping services.

AS ALWAYS, high bidder pays shipping to your location. All items are NOT insured unless in the details of the item description, it states that insurance is included in the cost of the item/s.

Delivery confirmation is included with item cost for shipments in the United States. It is NOT included for other countries.

Hello mr\_tetris,

Thanks for your interest in this item.

121214978174 - Erika Eleniak - Baywatch SIGNED Autographed Photo

We had to remove this listing, and the item is no longer available. We do our best to make sure listings that may not comply with our policies don't appear on eBay. Because millions of items are listed every day, occasionally a noncompliant item could appear on our site.

The most common reasons we remove listings are:

- The item isn't allowed on eBay or can only be listed under certain conditions.
- The listing or item may have violated the intellectual property rights of others.

What to do now:

If you won the item and haven't paid yet:

- This transaction is now canceled. You don't need to pay for the item.

If you won the item and already paid:

- Don't worry -- your item should still arrive.
- If you have any questions about the transaction or delivery, check the shipment tracking if it's available. Contact your seller for more information.
- If you don't receive the item, or if the item arrives in significantly different condition than it was described, your purchase price plus original shipping may be covered by eBay Buyer Protection:  
<http://pages.ebay.com/help/buy/resolving-problems.html>

We're sorry for the inconvenience. eBay still has lots of other great deals.

## Item Removal Request

WorthPoint is a web site for collectors and consumers that provides price history and other information for all types of collectible items. These items are not for sale by WorthPoint.

### How does WorthPoint get its data and images?

We license the data displayed in the Worthopedia from a variety of sources. We are an official licensee of eBay and many of the leading auction houses.

Our agreements permit us to display all art, antiques and collectible items – with full attribution – that are contained in eBay's and the respective auction house partners' product catalogs, along with the price paid for such item. Our licenses permit our members to use completed sales results and images displayed on the Worthopedia solely for research purposes.

### How can eBay give you a license to my content and images?

When a seller lists on item on eBay they grant eBay a non-exclusive, worldwide, perpetual, irrevocable, royalty-free, sub-licensable (through multiple tiers) right to exercise any and all copyright, trademark, publicity, and database rights (but no other rights) the user has in the content, in any media known now or in the future.

### Someone used my copyrighted image or content in their eBay listing without my permission. Can I get it removed from the Worthopedia?

If you hold the copyright on an image or content displayed in the Worthopedia and would like your image removed, please complete the request form below.

### Someone sold goods on eBay that violate my trademarks. Can I get the listing removed from the Worthopedia?

Yes. Please fill out the removal request form below.

### I hold the copyright to the image and content displayed on the Worthopedia and I placed the eBay listing, but would like to have it removed from the Worthopedia. Can I request removal?

Even though we have purchased the rights to use the data contained in the Worthopedia, our standing policy is that members of the collecting community may request removal of their items from the database. You can request removal by filling out the removal request form below.

### I would like to exclude all my future eBay listings from the Worthopedia. Can I do that?

If you prefer that images from any of your future eBay transactions not be displayed, please supply your eBay seller ID in the appropriate box of the form below. We will do our best to filter your images/transactions from our eBay data update process.

(PRWEB) May 17, 2011

WorthPoint (<http://www.WorthPoint.com>) - the on-line resource serving the global antiques and collectibles community - has announced that it has reached an agreement with Advanced E-Commerce Research Systems (Advanced) to acquire transaction data on antiques and collectibles bought and sold globally through eBay. The eBay data provided by Advanced will be incorporated into WorthPoint's 'Worthopedia' database of antiques and collectibles transactions and will immediately add historical and ongoing information on price, description and images from approximately 150 million transactions to the existing market data from GoAntiques.com, TIAS, and many of the world's leading auction houses already available at WorthPoint.

Advanced E-Commerce Research Systems is the sole authorised re-licensor of eBay market data, and provides custom market insights that benefit a range of clients, from international corporations to individual power sellers on eBay. Advanced also produces Terapeak for eBay (<http://www.terapeak.com>), the market-leading SaaS eBay research tool for all online sellers.

The agreement between Advanced and WorthPoint makes the 'Worthopedia' database the most comprehensive price information resource available on-line for the antiques and collectibles market.

Announcing its agreement with Advanced, WorthPoint CEO, Will Seippel, said: "Our agreement with Advanced is a major milestone in our plan to create the number one web resource for anyone wishing to establish the value of an antique or other item for collecting, investing or selling. This will support buyers and sellers to establish the value, or worth, of an item by referencing hard data from actual transactions and will allow them to trade with confidence – on-line or in the auction house."

Advanced E-Commerce Research Systems CEO Fred Speckeen also commented on the agreement: "We are pleased to be continuing and developing our WorthPoint partnership; a partnership that is creating the ultimate resource for collectors and sellers. "

In addition to the 'WorthPoint' transaction database, WorthPoint also provides the option to consult recognised experts in the antiques or collectibles field. 'Worthologists' will offer WorthPoint members knowledge and insights, research items, helping to establish their provenance, and offer views on pricing.

WorthPoint CEO, Will Seippel, said: "We see the range of services available at Worthpoint.com, which includes opportunities to connect with other collectors, learn about items of special interest, including notifications of events and exhibitions, as appealing to every level in the antiques and collectibles market including private collectors, the antiques trade and once-off buyers or sellers who need to learn about a particular item and establish its price, or worth. "

About WorthPoint: WorthPoint (<http://www.WorthPoint.com>) is the on-line resource dedicated to supporting communities interested in antiques and collectibles. WorthPoint has the most comprehensive database of buy and sell transactions in antiques and collectibles available on-line, and incorporates eBay market data. The 'Worthopedia' database can help establish the value of an item with reference to hard transaction information and supports users to buy and sell with confidence. WorthPoint also provides information and insights on collectible items through the opportunity to connect with other collectors, consult WorthPoint experts, or 'Worthologists', and with the deep repository of on-line articles and other information on antiques and collecting. WorthPoint is a user subscription service with subscriptions available from \$9.99 per month.

About Advanced E-Commerce Research Systems (<http://www.researchadvanced.com>): Advanced is a leader in ecommerce market research and payment analytics, and is the sole authorized re-licensor of eBay data globally. The company provides custom insights as well as Terapeak-branded SaaS, technology-enabled solutions to e-commerce merchants around the world. Currently aggregating over 20% of all online commerce sales data, Advanced helps merchants make faster, more-profitable business decisions based on real-time market trends, pricing, and transaction data.
